

Senior UX/UI Designer

Abdul Mohsin

📞 0863 969 8421 🌐 [Abdul Mohsin](#) [in linkedin](#) ✉️ mohsin6384@gmail.com

Senior UX/UI & Product Designer with 9+ years of experience designing user-centered digital products across SaaS, B2B, Fintech, web, and mobile platforms. Experienced in leading end-to-end product design from discovery and user research through information architecture, wireframing, prototyping, usability testing, design systems, and visual design. Proven ability to simplify complex workflows, scale design systems, and collaborate with Product, Engineering, QA, and business stakeholders to deliver high-quality products and milestone releases.

Proficient in leading design tools, including Figma, Adobe XD, Sketch, Maze, Photoshop, and AI-assisted platforms. Skilled across all stages of the design process, user research, information architecture, competitive analysis, flowcharts, interactive prototyping, and visual design. Recognized for balancing creativity with a strong understanding of technical constraints, ensuring designs are both visually compelling and feasible. Passionate about continuous growth, pursued certifications in UX/UI design patterns to stay aligned with evolving industry standards and best practices.

My Journey as UI UX Designer - Experience

FPT

Senior Product Designer (SaaS, Fintech & B2B Solutions)

September 2025 - Present, Hyderabad - India

- Owned design direction for three Nowsta products: Coordinator App, Worker App, and Coordinator Web, covering the complete product lifecycle from discovery through release.
- Architected and scaled the product design system from foundational Design Tokens through Atoms, Molecules, Components, and reusable patterns, establishing consistency across platforms.
- Led UX redesign of workforce scheduling workflows, contributing to faster task completion and improved user experience.
- Partnered closely with Engineering and QA throughout implementation, testing, & release to ensure production-quality experiences.
- Identified usability issues and evaluated existing workflows to drive continuous UX improvements in collaboration with Product, Engineering, QA, and business stakeholders.
- Received an internal award for outstanding contribution and impact on the product and team.

Adaequare

Product Designer(SaaS, Fintech & B2B Solutions)

October, 2022 - September 2025, Hyderabad - India

- Conducted and synthesized user interviews, surveys, and usability testing to identify user pain points and translate research insights into actionable design improvements.
- Created high-fidelity designs and interactive prototypes in Figma, Adobe XD, and Sketch, collaborating with stakeholders and developers to ensure production-ready implementation.

Walkingtree

UX UI Designer (SaaS, Fintech & B2B Solutions)

August, 2020 - July, 2022, Hyderabad - India

- Executed end-to-end UX/UI design across research, concept development, wireframing, prototyping, usability testing, and visual design for SaaS, fintech, and B2B products.
- Collaborated with Product Managers, developers, and stakeholders to align user needs, business objectives, and technical feasibility.
- Planned, conducted, and analyzed usability tests to validate design decisions and iterate based on user feedback and analytics.

Quolt PVT LTD

UI Designer

November, 2018 - July, 2020, Hyderabad - India

- Contributed to UX/UI design across user research, wireframing, prototyping, visual design, and usability testing.
- Created low- to high-fidelity wireframes and interactive prototypes based on user needs and product requirements.
- Designed intuitive, responsive interfaces and collaborated with designers, stakeholders, and developers to deliver consistent digital experiences.

Vsplash Tech Labs

UI Designer

(April 2017 - October 2018)

Designed responsive interfaces for web, mobile apps, and digital products while collaborating with senior UX/UI designers, product managers, and developers to align user needs, business goals, and technical feasibility.
